

Our mission

Through performance and singing together we touch hearts, build community, and contribute to changing society

Our values

- **We're there for the music and that's what we love!**
We are committed to quality - expressed in our wish for the best musicality. We are passionate!
- **We enjoy what we do (bedoo!)**
We take pleasure in all our actions and each other.
We love to laugh (and that's no joke).
- **We are committed (oh, yes we are!)**
As singers and volunteers we are committed in all our (inter-)actions.
- **We dare to speak OUT!**
Advocacy and reaching out are core objectives. We are audacious in speaking and acting for freedom, independence and solidarity.
- **We r.e.s.p.e.c.t**
As an LGBTQI+ choir we embrace respect and all values derived from that: self-respect, pride in being ourselves, benevolence and transparency, and respect for the fact of being different (queer).
- **We open up (y)our mind**
We keep an open mind and 'listen without prejudice' and encourage to do the same. This is also expressed by our creativity, inclusion and international character.
- **We thrive as a community**
We act and evolve as a community and group, while striking a balance between respect and individual inclusion on the one hand and responsibility towards the community on the other.
